## Emotional Intelligence Introduction

Emotional intelligence is the capacity to effectively recognize and manage emotion in ourselves and others.

Research has shown that 90% of leadership effectiveness is directly attributable to a person's emotional intelligence.

A recent study tracking over 160 high performing individuals revealed that EI is 200% more effective in contributing to performance excellence than intellect and expertise alone.

This 2 day intensive course covers the methods and practices required to harness your natural EI quotient.
