ISM Training

ISM Training provides the most comprehensive range of learning and development solutions to meet the needs of individuals and companies. ISM Training helps clients achieve significant behaviour changes leading to improved productivity and increased competitive advantage in today's increasingly complex markets.

Effective Telephone Techniques Introduction

As competition in the region continues to grow unabated, price and quality no longer assures the deal. Customers who do not receive quality service levels are turning their backs on companies in droves and tell their friends about the experience!

Organisations must therefore add value to the experience everywhere they can in order to differentiate themselves from the competition. Delivering great customer service is a highly effective method of achieving this whilst being relatively simple to implement and cost effective.

"The trainer's knowledge was excellent - Well Done and Thanks!"
- Bassem Estwani

- Larry Page

Training Method

This course is a busy workshop designed to help you develop, improve and implement customer service tools, techniques and strategies.

The ISM Course Director will take each participant through the step-by-step CS techniques critical to the pre-approach, approach and after sales service.

This will be done through a highly charged, enjoyable two day course involving lectures, classroom exercises, role-plays, discussions and extensive accompanying course-notes.

Participants

The course will have a maximum of 18 people who will be selected based on the type of business they are in and their job role to ensure a thorough mix of industries, ideas and experience.

Course Leader : Bexta Tierney

"The instructor was excellent, very easy to understand."
- James Weeks
